Tacoma RV Show® Delivers Ultimate Shopping Experience with Best Buys In A Decade, Huge Selection and Hundreds Of Road-Ready RV's

Tacoma, WA - "It's definitely a buyer's market", observed Bill O'Loughlin, Tacoma RV Show Manager and President of O'Loughlin Trade Shows. "Anyone considering the purchase of an RV needs to make a stop at this show. The deals are the best I've seen in a long, long time. These shows offer the ultimate RV shopping and buying experience. It's the only place you can shop hundreds of RV's, in one place, side-by-side, across so many different dealers. They're all here to compete for your business which makes this unlike any other RV shopping opportunity."

The Tacoma RV Show presented by BECU returns to the Tacoma Dome, January 18th-21st, 2024. With 16 of the area's top dealers represented, every major category of RV's is in this year's show. Motorhomes, travel trailers of all sizes and descriptions, park models, campers, overland rigs, minis, 5th wheels, toy haulers, they're all at this year's Tacoma RV Show.

BECU will be offering onsite financing with a show-only rate to its members. BECU already has some of the best RV lending rates and terms available and this show-rate provides even greater benefit to those financing packages. You can apply to be a member at the show or stop by one of their many locations in Western Washington.

The Tacoma RV Show presented by BECU is also where shoppers can see what's new. There's some interesting new introductions worth calling out for this year's show.

Poulsbo RV will be showcasing the innovative towable, Forest River's Timberwolf 16ML. This is a destination trailer that's also being called a "mini-lodge". It has a lodge-like look and feel yet is designed to be towed.

Overlanding has exploded onto the RVing scene. These are modified vans, Class B motorhomes, repurposed trucks and truck campers and travel trailers designed expressly for off-road use. This category continues to grow with Cube Series RV Corp., Fife RV, Grit Overland, Johnson RV, Northwest Van by Seattle RV, Poulsbo RV and RV Country all bringing overland and Class B RVs to this year's show.

Another new entry making its debut at the Tacoma RV Show is the Brinkley RV G Series. This luxury 5th wheel/toy hauler has an automotive exterior with a residential interior with built-in "garage space" for your "toys" like ATV's, motorcycles or both. Tacoma RV Center is the local Brinkley dealer.

For the first time in recent memory, a few park models will be for sale at the show. These RV's make ideal vacation homes. They're towable but designed for longer stays. It's another opportunity to see what's available in the world of RV's.

There's always a premium selection of travel trailers and this year is no different with more than 70 different brands in the show. From trailers that can be towed by a car to large destination models that are truly a home-away-from home, there isn't a better selection of travel trailers to be found anywhere in Washington State.

The Tacoma RV Show is not only where you can see what's new for 2024 but there is expected to be a good selection of 2023's where buyers can make some great buys in nearly every category of RV represented in the show.

In addition to RV's there's other vendors offering batteries, service, after-market builds and accessories intended to make your life on the road the best and most comfortable it can be.

Puyallup RV will be showing and selling a variety of used RVs in an area outside the buildings, so shoppers have plenty of solid options for RV ownership.

The show opens daily at 10AM and closes at 7PM Thursday-Saturday and 5PM on Sunday. Admission into the show is \$15. Youth, 16 and younger are free. There's a \$7.50 military discount for veterans and active military showing any valid military I.D. BECU members get half off into the show (\$7.50). There's a \$2 discount coupon available at www.TacomaRVShow.com.

Parking's FREE.
